## **Lectures**

- Bojesen-Koefoed, J.A., Nielsen, L.H., Nytoft, H.P., Petersen, H.I., Dau, N.T., Hien, L.V., Duc, N.A., Quy, N.H. & the ENRECA project group, 2007. Oil seepage at Dam Thi Nai, central Vietnam: implications for active source rocks in the offshore Phu Khanh Basin. *Meeting with POGO Producing Company, GEUS, February 7.*

- Petersen, H.I., 1991: Brunkullene i det Nedre Rhinske område (Tyskland) og deres facies-forhold. *University of Aarhus*.
- Petersen, H.I., 1991: Kulpetrografisk faciesanalyse af Jurassiske kullag på Bornholm. *Danish Sedimentary Research Group Annual Meeting, University of Copenhagen*.
- Petersen, H.I., 1995: Coal in a sequence stratigraphic framework. *University of Aarhus*.
- Petersen, H.I., 1997: Depositional environment and coal facies cycles of coastal coals of the Middle Jurassic Muslingebjerg Member, Hochstetter Forland. *Symposium on the Jurassic of East Greenland, University of Copenhagen*.
- Petersen, H.I., 2000: Natural char. *52<sup>nd</sup> Annual Meeting of the International Committee for Coal and Organic Petrology, August 13–18, 2000, Rio de Janeiro, Brazil*.
- Petersen, H.I., 2001: The use of immature potential source rocks as analogues for evaluating the petroleum potential of the Song Hong Basin: a case story. *Kick-off seminar of "Integrated analysis and modelling of geological basins in Vietnam and an assessment of their hydrocarbon potential; first phase: Phu Khanh Basin" (Danida's ENRECA programme), October 1–5, 2001, Hanoi, Vietnam*.
- Petersen, H. I., 2001: Discussion of hydrocarbon generation from terrestrial source rocks. *Kick-off seminar of "Integrated analysis and modelling of geological basins in Vietnam and an assessment of their hydrocarbon potential; first phase: Phu Khanh Basin" (Danida's ENRECA programme), October 1–5, 2001, Hanoi, Vietnam*.
- Petersen, H.I., 2002: Differential hydrocarbon generation from different kerogen types and implications for the northeastern Song Hong Basin. *Presentation for invited guests from the Vietnamese oil industry and universities in Hanoi, November 1, 2002, Vietnam Petroleum Institute, Hanoi, Vietnam*.
- Petersen, H.I., 2003: Coal-sourced oil in the Danish Central Graben and some aspects of oil from coal. *Geological Society of Denmark meeting: The Jurassic of Denmark and Greenland; December 3, 2003, Copenhagen, Denmark*.
- Petersen, H.I., 2004: Olie-dannelse fra kulholdige kildebjergarter med Søgne Bassinet/Tail End Graben som eksempel. *DONG A/S, Copenhagen, January 14*.
- Petersen, H.I., 2004: Oil-generation from coaly source rocks with the Søgne Basin as example. *Mærsk Olie og Gas, Copenhagen, January 20*.
- Petersen, H.I., 2004: Vitritreflektans – nogle grundprincipper. *University of Copenhagen, April 14*.
- Petersen, H.I., 2004: The effective oil window of coals: variations related to composition and coal age. *21<sup>st</sup> Annual Meeting of The Society for Organic Petrology, September 27-October 1, Sydney, Australia*.
- Petersen, H.I., 2005: Oil from coal – with an example of a coal-sourced petroleum system from the North Sea. *Chiang Mai University and Sirikit Oilfield, January 13 and 14, Thailand*.

- Petersen, H.I., 2006: Deep exploration and terrestrial source rocks: generation potential and the oil window for M. Jurassic and Carboniferous coals. *ConocoPhillips, Stavanger, Norway, March 14.*
- Petersen, H.I., 2006: The influence of coal facies on the oil and gas distribution in a coal-sourced petroleum system, North Sea. *The 23<sup>th</sup> Annual Meeting of The Society for Organic Petrology, September 15–22, 2006, Beijing, China.*
- Petersen, H.I., 2008a: The Middle Jurassic coal-sourced Lulu-Bryne/Lulu Petroleum System in the Søgne Basin, North Sea. *Svenska Petroleum & Bayerngas Norge, Oslo, Norway, August 20.*
