

# PROMICE

## Programme for Monitoring of the Greenland Ice Sheet

### PROMICE symposium: 10-year anniversary

The monitoring of the Greenland ice sheet by PROMICE started in 2007. After 10 science-loaded years, we feel the urge to celebrate. Please join us for a casual afternoon of science at the **GEUS auditorium** (Øster Voldgade 10, Copenhagen) on **Friday 22 September 2017**. To sign up, please notify [dva@geus.dk](mailto:dva@geus.dk).

13:15		Reception
13:30	<b>Dirk van As:</b> PROMICE manager (GEUS) <b>Signe B. Andersen:</b> Head of Glaciology and Climate department (GEUS)	Welcome and introduction
13:35	<b>Lars C. Lilleholt:</b> Minister of Energy, Utilities and Climate	A welcome from the ministry
13:40	<b>Flemming Larsen:</b> GEUS director	Greenland research at GEUS
13:50	<b>Lida S. Lennert:</b> Head of Greenland representation (Greenland government)	Climate change: impact on Greenland society
14:00	<b>Morten S. Olsen:</b> Advisor (Danish Ministry of Energy, Utilities and Climate) and AMAP vice-chair	The Arctic Council and Arctic Monitoring & Assessment Programme: the need to assess and monitor change
14:10	<b>Andreas P. Ahlstrøm:</b> Chief scientific consultant (GEUS)	PROMICE: from idea to establishment
14:20		Break
14:40	<b>Dirk van As</b>	Highlights of a decade of monitoring
14:50	<b>Sille M. Myreng:</b> Researcher (Asiaq)	Combining data for a wider perspective on Greenland's environment
15:00	<b>Louise S. Sørensen:</b> Senior researcher (DTU)	PROMICE science at DTU
15:10	<b>Tad Pfeffer:</b> Professor (University of Colorado)	On the importance of Greenland ice sheet monitoring
15:20	<b>Michiel van den Broeke:</b> Professor (Utrecht University)	The K-transect in West Greenland: towards a supersite
15:30	<b>Jason Box:</b> Professor (GEUS)	Greenland ice sheet health assessment
15:40		Break
15:55	<b>Jason Box</b>	Honoring Denmark's most senior active glaciologist
16:00	<b>Anker Weidick:</b> Emeritus (GEUS)	Seven decades of Greenland glaciology
16:20		Drinks
